COMPANY WALLET	Ar1pfh23Edn4n9zeaYUnCKpsxSBuWySoCdTrxyJWKMe5		

WHY WE ARE IDENTIFYING OURSELVES

FLEE FLICK MODE / \$3FODE is operated as a documented project of **SHARKPOOL MOBILE TECHNOLOGIES LLC**. We publicly identify the organization, official website, X account, mint address, and Company wallet because accountability and verifiability matter. This is not an anonymous project presented by an unidentified team.

OUR COMMITMENT TO TRANSPARENCY

SHARKPOOL MOBILE TECHNOLOGIES LLC does not intend to engage in a "rug pull," intentionally deceive token holders, misappropriate project assets, falsify material project information, or use promises of guaranteed returns to induce purchases. Official identifiers are published so users can independently verify the correct \$3FODE token and channels.

WHAT THIS DOES NOT PROMISE

\$3FODE is a speculative meme/community digital asset. The Company does not guarantee market price, profit, return, liquidity, trading volume, exchange listing, resale opportunity, holder growth, or future value. Market capitalization is not the same as available cash liquidity.

NO OWNERSHIP OF THE LLC

Holding \$3FODE does not, merely by possession, provide stock, equity, membership, debt, voting or management rights, dividends, profit-sharing rights, ownership of Company assets, or a contractual right to Company income or distributions.

DIGITAL-ASSET RISK

Digital assets are highly volatile and may lose some or all value. Transactions may be irreversible. Wallet compromise, phishing, liquidity conditions, software or protocol defects, network disruption, third-party platform failures, regulatory changes, taxes, and other risks may affect holders. Each person is responsible for independent research, wallet security, compliance, and trading decisions.

NO PROFESSIONAL ADVICE

Nothing published by the Company concerning \$3FODE constitutes personalized financial, investment, legal, accounting, or tax advice. No purchaser should use funds they cannot afford to lose.

LIMITATION AND ACCURACY

To the fullest extent permitted by applicable law, the Company does not assume losses arising solely from voluntary market activity or risks inherent in digital-asset ownership and third-party blockchain services. Nothing excludes liability that applicable law does not permit to be excluded, including fraud or intentional misconduct. The Company intends to publish material project information accurately and does not authorize deceptive conduct or market manipulation.

This commitment concerns our conduct and transparency - not the market price of \$3FODE.

VERIFY THE MINT. VERIFY THE WEBSITE. KNOW WHO IS BEHIND THE PROJECT.

Official verification: 3fode.spmshark.com | X: @3fodes

Public transparency statement. Not a securities offering document, investment recommendation, or guarantee of token performance.
